The Dy Commissioner of Chitaldrug District was asked to submit a detailed report thereon and in reply he states that the temple is a very ancient and an important one, that the temple was in the enjoyment of 9 Inam villages besides other valuable wet lands & copies produced by under the Bagur tank, that the reference of the Dharmodaya &c

in support of this Inam tenure not having been presented at the time of the Inam Settlement, the endowments were probably resumed, that the income from the said villages was about Rs 6000/- a year, that with the small annual cash allowance of Rs 40-10-0 and the marginally-noted × Inam land, it was found impossible to continue any establishment for worship and that in consequence, the rendering of service in the temple fell through.

The Dy Commr now recommends an additional cash grant of Rs 752 per annum for conducting worship regularly on a scale somewhat befitting its former grandeur. A scale of receipts and expenditure proposed for the temple is appended to the Dy. Commrs. letter under reference. (Sup D)

(Paper under disposal) In his present report on the subject, it is stated that the total income and expenditure of the temple are Rs 168-13-1 and Rs 148-12-0 as detailed thereon, that the last two items of expenditure viz the pay of Bajantri and Sweeper (Rs 12/-) (Rs 12/-) are shown as savings for want of men to do the intended service on the remuneration fixed and that the balance is brought under savings.

His Highness the Maharaja of Mysore,

Sir,

With reference to your memorandum No 320 dated 16th July 1906 calling for a report regarding the proposal to increase the cash allowances of the Sree Chennakesavaswami temple at Bagur in the Hosadurga Taluk, I have the honour to state that the temple is a very ancient and an important one and it appears from the copies of the old references now produced by Venkatakrishnaiya one of the Dharmadarsis, that the temple was in the enjoyment of 9 Inam villages besides other wet lands under the Bagur tank.

Memist- was 50 to 54

These references, copies of which are now produced in support of the Inam tenure, do not seem to have been presented at the time of the Inam Settlement and all the endowments were probably resumed on this account. The arrangements that were then in existence on a liberal scale (the income from the Inam villages being about Rs 6,000/- *(Appendix No. 57)*) for the rendering of service in the temple consequently fell through and at present it enjoys an annual cash allowance of Rs 40. 11 0 and the marginally noted one main land and eleven lands of raitwari tenure. With these meagre resources of income, it must have been found impossible to continue to maintain any establishment for worship.

2 The temple was in utter disrepairs and the Government were pleased to renovate it at a heavy cost of about Rs 8,000/- from the State grant. It now rests with Government to provide sufficient funds for conducting worship regularly on a scale somewhat befitting its former grandeur. The Amildar recommends an additional grant of Rs 75.2/- per annum from the Provincial Funds and submits

proposals to utilize the whole of this amount for the various services in the temple these proposals are embodied in the enclosed statement in the remarks column of which is explained the reason why the amount is required for each item.

3. Under these circumstances, I beg to recommend that a further cash grant of Rs 752/- per annum may be sanctioned in consideration of the fact that it had once enjoyed a large revenue from Inam villages

4 The Vernacular correspondence ending with Yadi No. 1606 dated 8th April 1907 from the Assistant Commissioner, Davanagere Sub-Division, is herewith submitted for reference.

I have the honor to be,

he present pay (which includes paditara) of Rs 40-10-0 given to the archak is quite inadequate and on account of this low pay, much difficulty was felt on everal previous occasions to find a proper man to the place. The archaks (Sree-Vaishnava branches) are not to be found on the spot. Unless his salary is increased, e will not find it remunerative to come from a distance and settle down in his village. The inam land granted for the performance of puja fetches about Rs 12-8-0 per annum.

These items of expenditure depend entirely on the charity of the devotees. For want of funds nothing can be done regularly and systematically. Hence the provision.—

hitherto the amount required for this occasion was raised by means of contributions rom the devotees. When no contributions could be collected, no car festival was elebrated at all. A sum of Rs 180 is estimated to be the probable amount required rt of which Rs 30 are expected from the devotees and the balance of Rs 150 will have to be sanctioned from Government.

The provision made for each of these items has been made after Scrutiny and is considered necessary.

A sum of Rs 40-10-0 is being expended at present for this purpose (the pay of the archak included). As this sum is found insufficient, a further provision of Rs 50 has been made for paditara alone.

This forms the reserve fund which may be used for any repairs and other unforeseen expenditure.
